This site started life as a woollen mill
in 1875, then it was a carpet factory
and now it's home to all manner of
interesting people and businesses.

Feel free to wander around, though
as this is an ex-industrial space and
restoration and landscaping are
ongoing, we do ask that you be careful
where you put your feet.

Tenants keep their own individual
opening hours and some are not
open to the public at all.

Please keep your dog on a lead at
all times.
